INDEPENDENT AUDITOR'S REPORT

**Board of Directors
Saint John's Program for Real Change
Sacramento, California**

Opinion

We have audited the accompanying consolidated financial statements of Saint John's Program for Real Change and Affiliate, which comprise the consolidated statements of financial position as of December 31, 2021 and 2020, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Saint John's Program for Real Change and Affiliate as of December 31, 2021 and 2020, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Saint John's Program for Real Change and Affiliate and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Saint John's Program for Real Change and Affiliate's ability to continue as a going concern within one year after the date that the consolidated financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing

standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Saint John's Program for Real Change and Affiliate's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Saint John's Program for Real Change and Affiliate's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

SAINT JOHN'S PROGRAM FOR REAL CHANGE AND AFFILIATE

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Saint John's Program for Real Change (Saint John's) is a charitable nonprofit organization with a mission to unleash the potential of women and children in crisis to support them to permanently exit the cycle of poverty, abuse and homelessness. Since 1985, Saint John's model has served more than 30,000 women and children.

Program engagement is up to 12- to 18-month and is the largest residential employment-training program for formerly homeless women and children located in the greater Sacramento region. Utilizing an evidence-based approach women and children residents receive an average of 675 hours of comprehensive services and this includes mental health therapy, alcohol and drug counseling, parenting education, high school diploma preparation and attainment, budgeting classes, healthy relationship and life skills education and hands-on employment training to support real and permanent change in their lives. Ninety-six percent of the women who complete the employment-training program secure non-subsidized employment at an average-beginning wage of \$18/hour. While mothers attend classes, children are engaged in academic, social, physical and emotional supports.

To ensure the organization's long-term place in the community, funding has been intentionally and significantly diversified. Today, government contracts comprise 40 percent of funding as compared to 70 percent 10 years ago. Robust community outreach and engagement managed by a professional fundraising department support the organization's growth through volunteer hours and individual, corporate and foundation contributions.

The newest addition to the program is transitional housing located on the Saint John's campus. Built in November 2020 to house 55 formerly homeless women and children, SJP Modular Homes, LLC is a wholly owned for-profit subsidiary of Saint John's Program for Real Change. This entity was incorporated to serve client households at or below 30 percent of Area Median Income, for a 55-year term, who are homeless or at-risk of homelessness. At present, all of the modular homes are occupied.

Principles of consolidation – The accompanying financial statements reflect the consolidation of Saint John's Program for Real Change and SJP Modular Homes, LLC (collectively, Saint John's). Material intercompany transactions and balances between these organizations have been eliminated.

Basis of presentation – The consolidated financial statements are prepared on the accrual basis of accounting and in conformity with professional standards applicable to not-for-profit entities. Saint John's reports information regarding its financial position and activities according to the following net asset classifications: net assets without donor restrictions and net assets with donor restrictions.

Revenue recognition – Contributions and grants from private foundations or individuals are recognized in full when received or unconditionally promised, in accordance with professional standards. All contributions are considered available for unrestricted use unless specifically restricted by donors for future periods or specific purposes. Donor-restricted amounts are reported as increases in net assets with donor restrictions. Net assets with donor restrictions become unrestricted and are reported in the statements of activities as net assets released from restrictions when the time restrictions expire, or the contributions are used for the donor-restricted purpose.

SAINT JOHN'S PROGRAM FOR REAL CHANGE AND AFFILIATE

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

Government grants are received from various agencies. These grants are conditioned upon certain performance requirements or the incurrence of allowable qualifying expenses. Amounts received are recognized as revenue when Saint John's has met the performance requirements or incurred expenditures in compliance with specific grant provisions. Amounts received prior to meeting the performance requirements or incurring qualifying expenditures are reported as refundable advances in the statements of financial position. There were no refundable advances as of December 30, 2021. Refundable advances were \$268,678 as of December 30, 2020.

Donor-restricted contributions that were initially classified as conditional, and for which the donor-imposed conditions and restrictions are met simultaneously, are recognized as net assets without donor restrictions in the statements of activities.

Special events revenue is recognized when the related event occurs.

Donated goods and services are reflected as contributions in the accompanying statements at their fair market values as of the date of receipt or the date the service is performed.

Saint John's revenue from contracts with customers consists of childcare, restaurant sales, catering fees, and education services fees, which are all included in program revenue in the statements of activities. Refer to Note 11 for accounting policies and additional details regarding revenue from contracts with customers.

Cash and cash equivalents – For financial statement purposes, investments with an initial maturity at purchase of three months or less are considered to be cash equivalents. Saint John's minimizes credit risk associated with cash by periodically evaluating the credit quality of its primary financial institution. The balance at times may exceed federally insured limits. Saint John's deposits held with financial institutions in excess of federal depository insurance limits totaled \$1,878,966 and \$2,085,191 as of December 31, 2021 and 2020, respectively. Saint John's has not experienced any losses in such accounts and management believes they are not exposed to any significant credit risk related to cash.

Investments are stated at fair value. Changes in market value are recorded as investment income or loss in the consolidated statements of activities.

Accounts and grants receivable – Accounts receivable and grants receivable include amounts due from grantor agencies under reimbursement grant agreements. It also includes amounts due for program services. Management has assessed the collectability of accounts receivable, and accounts receivable is presented net of an allowance for doubtful accounts of \$27,080 and \$36,251 at December 31, 2021 and 2020, respectively.

Inventory consists of food for the Plates program and is stated at cost.

Property and equipment – Property and equipment are stated at cost or, if donated, at the approximate fair value at the date of the donation, and depreciated using the straight-line method over estimated useful lives of 5 to 39 years. Saint John's policy is to capitalize purchases of \$2,000 or more.

SAINT JOHN'S PROGRAM FOR REAL CHANGE AND AFFILIATE

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

Assets acquired through funding from grant resources are considered to be owned by Saint John's while such assets are in use under the funded program, or while they are being used for a similar program; however, certain funding sources have a reversionary interest in such assets. Any disposition of these assets or any funds derived therefrom are subject to grant regulations. As of December 31, 2021, assets acquired through funding from grant resources totaled \$3,295,456.

Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Fair value measurements – Fair value is a market-based measurement, not an entity-specific measurement. For some assets and liabilities, observable market transactions or market information might be available. For other assets and liabilities, observable market transactions and market information might not be available. However, the objective of a fair value measurement in both cases is the same – to estimate the price at which an orderly transaction to sell the asset or to transfer the liability would take place between market participants at the measurement date under current market conditions (that is, an exit price at the measurement date from the perspective of a market participant that holds the asset or owes the liability).

In order to increase consistency and comparability in fair value measurements, a fair value hierarchy that prioritizes observable and unobservable inputs is used to measure fair value into three broad levels, as follows:

- Level 1 Inputs Unadjusted quoted prices in active markets that are accessible at the measurement date for identical assets or liabilities.
- Level 2 Inputs Inputs other than quoted prices in active markets that are observable either directly or indirectly.
- Level 3 Inputs Unobservable inputs for the assets or liabilities.

Income taxes – Saint John's Program for Real Change is publicly supported and exempt from income taxes under Internal Revenue Code Section 501(c)(3). SJP Modular Homes, LLC is considered a disregarded-entity as defined by the IRS, and therefore treated as a division of Saint John's Program for Real Change for federal tax purposes. Saint John's has applied the accounting principles related to accounting for uncertainty in income taxes and has determined that there is no material impact on the consolidated financial statements.

Functional allocation of expenses – The costs of program and supporting services activities have been summarized on a functional basis in the statements of activities. The statements of functional expenses present the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefitted. Therefore, these expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated include salaries which are allocated based on time and effort; employee benefits and payroll taxes, which are allocated based on salaries; all other expense are allocated based on salaries, head count, or specific identification of expenses, whichever best approximates usage of resources.

SAINT JOHN'S PROGRAM FOR REAL CHANGE AND AFFILIATE

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

Recent accounting pronouncements – In February 2016, the Financial Accounting Standards Board issued Accounting Standards Update 2016-02, Leases (Topic 842). The new accounting standard requires lessees to recognize a lease liability measured on a discounted basis and a right-of-use asset for all leases with terms longer than 12 months. Application of this statement is effective for the year ending December 31, 2022. Saint John's is currently evaluating the impact this pronouncement will have on the consolidated financial statements.

Subsequent events have been reviewed through June 29, 2022, the date the consolidated financial statements were available to be issued. Management concluded that all material subsequent events which have occurred since December 31, 2021 have been disclosed in the financial statements.

Reclassification – Certain 2020 amounts have been reclassified to conform to the 2021 financial statement presentation.

2. LIQUIDITY AND AVAILABILITY OF RESOURCES

Saint John's financial assets available for general expenditure within one year of the statement of financial position date are as follows:

	<u>2021</u>	<u>2020</u>
Cash and cash equivalents	\$ 2,724,732	\$ 2,904,455
Investments	332,889	16,313

9. PAYCHECK PROTECTION PROGRAM

On April 15, 2020, the Saint John's received a Paycheck Protection Program (PPP) loan under the Federal Coronavirus Aid, Relief, and Economic Security (CARES) Act totaling \$677,000. The terms and repayment conditions of PPP loans were modified through the subsequent Paycheck Protection Program Flexibility Act (PPPPFA) signed into law in June 2020. Under the CARES Act, as modified by PPPFA, a portion or all of the loan and accrued interest may be forgiven provided the funds are spent on qualifying payroll and other expenditures in the 24-week period following the loan and provided certain other criteria regarding full-time equivalent employee and payroll levels are maintained.

Saint John's received notification that its application for loan forgiveness was approved in March 2021 and therefore recognized the loan as income in the year ended December 31, 2021.

11. REVENUE FROM CONTRACTS WITH CUSTOMERS

Saint John's revenues from childcare, catering fees, and education services fees, are generally recognized when the service is provided or events occur. Fees collected in advance of such services or events are recorded as deferred revenues until earned. Restaurant sales revenue is recognized at the point of sale.

Deferred revenue, which represents a contract liability, is recorded for the portion of childcare and catering fees received that relate to services to be provided in a subsequent year.

A contract asset is recorded when Saint John's satisfies a performance obligation of a contract but is not yet entitled to payment. When Saint John's becomes entitled to payment, the contract asset is classified as a receivable, whether invoiced or not.

The balances of receivables and contract liabilities from contracts with customers are as follows as of December 31:

	<u>2021</u>	<u>2020</u>	<u>2019</u>
